

1st August 2008

To Our Valued Client

We are pleased to announce to you our winter special offers for your Pets. Did you know that pets age 5 to 8 times faster than humans? This means that by age 4 many pets are entering middle age, and by age 7 cats and many dogs (especially large breeds over 25kg) are entering their senior years! At MalagaVet we understand that senior pets have special needs, and will be holding specials throughout August and September 2008 that will help you give the best care to your pets as they get older. These offers are exclusively sent to you as existing clients of our hospital in order to help you give your beloved furry friends the best of care.

1) VACCINATION UPDATE

Did you know that Vaccination plays a vital role in keeping pet populations healthy? Yet there is evidence that up to 50% of animals over 2 years of age fail to receive their annual booster vaccines. If your pets' vaccination schedule has lapsed, come in during July and August to receive a **10% discount off the normal price of a vaccine**. Prevention of disease is much better than a cure.

2) 20% off DENTISTRY SERVICES

Dentistry services are being discounted during August and September as this is a common problem area in all pets. As a special offer your pet will get a full dental make-over which includes a full Physical Examination, General Anaesthetic, Descale and Polishing of all teeth, Extraction of rotten teeth, Antibiotic & Pain relief injections – all for the special price of **\$250!** This represents a **20% discount** off the normal price of this service. Bookings are essential.

3) DIABETES, KIDNEY & LIVER TESTING

During the month of **September** we are able to offer a discount on Senior Pet Blood testing which screens for common illnesses like diabetes, kidney and liver disease and some blood cell disorders. Find out if your older pet is healthy on the inside for the special price of \$100 per pet. You will **save \$80** off the normal price of laboratory testing! Preventative screening will mean a longer and healthier life for your pet – so book your loved one in today!

These offers are available any day of the week including weekends during August and September 2008, but bookings are essential. Simply call us on 9248 3420. We look forward to seeing you and your pets very soon.

Yours Sincerely
